GREAT NORTH AMERICAN SECCHI DISK DIP IN

**MANY GROUPS OR INDIVIDUALS
OFTEN ASK BCLSS STAFF OR
DIRECTORIES, "WHAT DO I GET FOR A
BCLSS MEMBERSHIP"?**

I often think of all the hard work performed by BCLSS staff & the countless volunteer hours spent on lake stewardship. I believe a BCLSS membership not only provides you with great services & information, but we also strive to strengthen the vision & importance of promoting, protecting, maintaining & restoring lakes, not only in BC, but globally.

The world's water source consists of:

- 97 % salt water,
- 2% is ice,
- 1% is from freshwater.

*Not all those drinking sources are
clean sources either; ACTUALLY only
.01% of our world's water is
DRINKABLE...*

*So support BCLSS and lets work together
to further lake stewardship!*

BCLSS MEMBERSHIP

Group Membership: \$40.00
Individual Membership: \$20.00
Student Membership: \$10.00

Sponsorships:

Gold: + \$250.00
Silver: \$250.00
Bronze: \$50.00

Thanks to all those existing supporters...

SMITHERS, BC OUR NEXT WATER QUALITY MONITORING TRAINING OPPORTUNITY FOR VOLUNTEERS

The BC Lake Stewardship & Monitoring Program Presentations & Water Quality Training Schedule for Smithers, BC

Presentation Date:

Are you or your neighbours curious about your lake's appearance, water quality, clarity or the overall health of its shorelines? It is important to monitor your lake to establish baseline conditions for comparison in the future.

The BC Lake Stewardship and Monitoring Program will give you the tools you need to answer these important questions. Your lake stewardship group may be already collecting water quality data. This Spring, BCLSS will be actively training lake monitors in nine geographical regions within BC. Find out how your lake can join the BC LAKE STEWARDSHIP PROGRAM.

How you can help - now is the time to get involved with an existing lake group or find out how to form your own lake stewardship group by becoming a member of BCLSS.

- ✓ **Contact BCLSS & your local Ministry of Water, Land & Air Protection – Regional Biologists**
- ✓ **To participate & receive training you must join an existing BCLSS group or become a new member**

CONGRATULATIONS TO THE BCLSS VOLUNTEER LAKE MONITOR GROUPS WHO COMPLETED TRAINING IN 2002-2003!
